

CAPCE Credit Options for PORTAL

There are two different options for local CAPCE credit as part of PORTAL. Contact your PORTAL liaison for details on your site's CAPCE credit requirements.

Earn As You Go

To receive CAPCE credit at these sites, providers must use PORTAL at least one time during each quarter and provide a quarterly summary about a) what they have learned from PORTAL (including the education modules), and b) how it will change their practice.
