

Earn as You Go CAPCE Credit

How it works:

At your site, the more an individual uses PORTAL, the more CAPCE credit they receive. ESO will track what PORTAL-related content each provider engages with in their account. Activities that count towards usage include, viewing case-by-case outcomes, and reviewing monthly and quarterly reports.

Register for CAPCE credit before jumping into PORTAL! Fill out the form here:

<https://redcap.link/hq4y7mht>

Or scan the QR code to register.

All individuals who register for CAPCE credit will provide a quarterly report of how many chest pain calls they have completed. To qualify, you must have used PORTAL at least once. Your report should include 3-5 sentences with what you have learned from PORTAL and how it will change your practice. If both elements are met, you can earn 3 CE credits per quarter (up to 6 total). To submit your report follow these steps:

1. Type up your 3-5 sentence report in a word document. Save the title as LastName_FirstName_CAPCEAttestation_Date
2. Go to [Portal | Vanderbilt Emergency](#)
3. Scroll down to “EMS Provider CAPCE materials and click on ‘CAPCE Evaluation Form Submission’
4. Fill out the information and upload your word document
